Bello Architectural Panels

About Bello Panels

Garden Elements is a specialist in architectural panels. We offer numerous finishes, with most suitable for interior or exterior applications. Each material is designed for a specific style or function. Please feel free to contact us with any questions regarding material, thickness or additional options. We can assist in determining the right material for the right application.

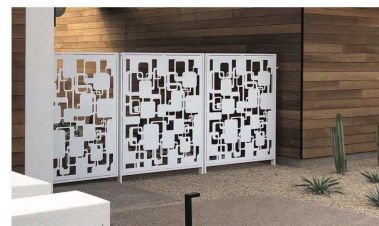

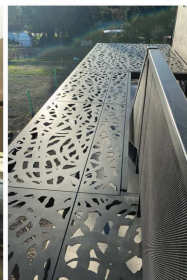

- **ARTISTIC DESIGNS.** We offer numerous standard designs. We also encourage custom designs. Please provide a CAD file like .DWG or .DWF of your custom design.
- **BEAUTIFUL FINISHES.** Many standard finishes are available to choose from, or we can create custom colors and finishes to match your requirements.
- **SIZES.** Standard sizes are available. Custom designs are also available for site-specific requirements.
- **SUSTAINABLE MATERIALS.** We use primarily recycled materials with non-toxic adhesives.
- **EASY MAINTENANCE.** Our panels require only light cleaning to maintain their beauty for a long time.
